

Mark your calendars for the 2012

Green Fair:

Saturday, April 14th, 2012 -- 9am to 2pm at Bell Middle School

The Green Fair is a day of fun and environmental learning for the whole community. 2010 participants got to attend student-led workshops, shop the Chappaqua Farmer's Market and browse the Environmental Expo, which included eco-friendly vendors, arts and crafts, games, hands-on science and more. Watch the PTA web site for more information in early 2012.

This event is brought to you by the Chappaqua PTA, the Horace Greeley Silent Earth and Horace Greeley STOP, the Bell Environmental Club and the Seven Bridges Green Team, with students from Grafflin, Roaring Brook and Westorcharde elementary schools.
